SUPPORTERS

### Frame Program/Support/Coaching

innovate.healthcare means 48 hours full of action. Apart from working on your proposed solution for the challenge, you will have a chance to take part in lectures, meet our experienced coaches and use our support facilities such as an electronics workshop or 3D print facility. Our experts can assist you with some of these tasks.

innovate.healthcare is an international, entrepreneurial venue that is completely dedicated to healthcare. It is for you if you are a business-person, an IT-guy, a medical doctor, a tech geek, or anyone else who has an interest in health-care, life-Sciences & medicine and wants to make a difference for patients.

Our goal is to help you solve one of our competitive real world healthcare challenges and get your own company set up and running.

Challenge owners introduce the real world challenges

Participants assemble in groups

Teams begin taking on their challenges and brainstorming ideas

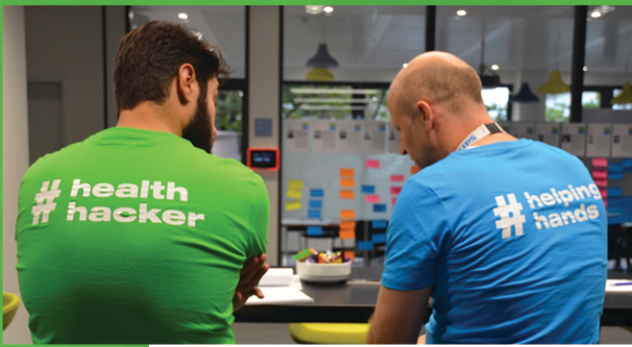

Coaches help teams develop their ideas

Teams present pitches to a jury of experts

Awarding ceremony and networking

Join us to innovate.healthcare

### The Outcome

Teams are expected to present a business pitch on Sunday evening and also to demo a prototype (app, software, hardware etc.) that they have created in 48 hours only.

### Prizes

Our jury of renowned industry experts will award prizes in the following categories:

Most innovative solution

Best business case

Most patient benefit

There is also an audience award available.
