

WHY SHOULD YOU JOIN?

- 01 Free AI devices**
We provide 1 Luxonis OAK-D-Lite Spatial AI camera to every participants.
- 02 Personal mentorship**
During the DeepHack, we provide you mentors who are experts working at Intel, Luxonis and more.
- 03 \$10 000 cash prize**
Winning teams will receive a share of the cash pool.

We hold an Introduction Webinar on March 21, 2022 at 17:00 CET/ 9:00 PT to help you get familiar with the DeepHack topic.

Registration closes on April 03, 2022.

SUSTAINABLE SUPPLY CHAIN DEEPHACK

April 22-24, 2022

Logistics is contributing 24% to GHG in Europe, and 29% in North America. However, pandemic crisis has caused many breakdowns in supply chain systems. EIT Digital and German American Business Association (GABA) organised this DeepHack with the aim of re-thinking the supply chain, making it more resilient against crises and reducing their impact on greenhouse gas.

We encourage you to utilise Edge AI devices in your solutions. Let's re-think supply chain!
