

CALL FOR PAPERS

ISSE 2006

Information Security Solutions Europe conference 10-12 October 2006, Rome, Italy

Organised by:

- ENISA – The European Network and Information Security Agency
- eema – The Independent European Association for e-Business
- TeleTrust – The Association for the Promotion of Trustworthiness of IT-Systems

Hosted by:

ISCOM, Institute for Communications and Information Technologies, Italy

ISSE is the only independent, European focused conference for the presentation and discussion of technical, commercial, organisational, legal and political concepts for information security as well as privacy and data protection.

The focus of ISSE is on security as a part of business processes and electronic transactions.

One of the biggest challenges today is to manage security in applications: issues like return on investment, total cost of ownership, risk management as well as interoperability are of great importance. In 2006 ISSE will focus on submissions on implemented security solutions and case studies on specific application areas:

- eBusiness
- financial sector and enterprise security
- health care
- eGovernment and public sector
- private sector

TARGET GROUPS:

- Technical Experts
- Researchers
- Developers
- Implementers
- Systems Administrators
- Security/IT Managers
- Product Managers
- Policy Makers and Legal Experts
- Government Employees
- Public Sector Representatives and Law Makers
- Business or Risk Managers
- User CIOs
- Concerned Citizens

TOPICS

The submissions should be original research results, survey articles or case studies and position papers. Product placement is unacceptable.

EVALUATION PROCESS

The evaluation process will consist of two steps. Short abstracts of approximately 1 page can be submitted by March 4th. The submissions will be previewed until middle of March. Selected speakers will then be asked to submit an extended abstract of approximately 4 pages by April 14th. After a second review process the programme committee will compose the final conference programme out of these submissions.

INSTRUCTIONS FOR SUBMISSIONS

Presentations at ISSE conferences are invited as well as selected from abstracts submitted in advance. The process is completely neutral: speakers are solely selected on the merit of their submissions.

- Please submit short speaker bio and full contact details of speaker in addition to your abstract.
- Please indicate topic area of the presentation.
- Please indicate the level of your presentation (basic, intermediate, technical, advanced technical) as well as the target group you want to address (legal audience, technical audience, business audience).
- Please note that only electronic submissions will be accepted.
- Subject line of email MUST contain speaker's name.
- Content of proposed presentation is much more important than affiliation or job title of speaker
- Please submit to: Sophie Hellmann, Programme Manager,
TeleTrust Deutschland e.V.
sophie.hellmann@teletrust.de (receipt of submission will be confirmed by e-mail)
Tel: +49 361 26289267

FIRST DEADLINE

March 4th 2006

Please submit a short abstract of approximately 1 page.

SECOND DEADLINE
