UbiCrypt Summer School 2014

crypt@b-it

Summer School on Cryptography

July 28 - August 01, 2014
Horst Görtz Institute for IT-Security,
Ruhr-University Bochum, Germany

This summer school on cryptography offers PhD students,
graduate and undergraduate students and researchers the
opportunity to crypt a bit. It provides acquaintance and
interaction in an intellectually stimulating and informal
atmosphere in pleasant surroundings.

Special focus:
* Discrete Logs
* Functional Encryption

Speakers:
* Gary McGuire, UCD School of Mathematical Sciences, Dublin
* Hoeteck Wee, École normale supériere, Paris

For further information and registration see

<ubicrypt.org/veranstaltungen/summerschool2014>.

Please register online before Monday 14 July 2014.
Note that the number of participants is restricted.

Hoping to see you (or your students) in Bochum this summer!

On behalf of the organizing staff,
Dominik Baumgarten, Daniel Loebenberger, Michael Nüsken
